COMMENT AFSC-1 = Chris Gburski, AFSC-2 = Beth Matta
 Samples were aged by agency consensus (including ADFG & ODFW) during the hands-on scope time at the 2011 CARE meeting. For statistics, only specimens without minimums or ranges were used for calculations.

USE AND USER INFO: A CARE member initiates an exchange by requesting an Exchange Id number from the CARE Age Structure Exchange Coordinator (CARE vice chair). The CARE member conducts and completes the exchange and submits this completed invoice to the Coordinator.
